chara.la ™

Let's start your adventure with EXTRA.TOUCH today!

BALL SHOOTERS

BALL SHOOTERS Ver 1.0

BALL SHOOTERS is an interactive attraction by throwing real balls with a censoring technology and project mapping.
EXTRA.TOUCH ①

It's exciting than anything else!

From our strong experiences in a gaming industry, we certainly can deliver the best interactive games! A high quality of computer graphics will support the best entertainment. We deign computer graphics for not only players but also audiences who watch it.

EXTRA.TOUCH ②

It can be fully customized.

From Character design through UI, 2D-3D, graphics, background, items, sounds, service, # of players, and play hours, we can customize everything. If you already have characters, it will be easier to develop original contents.

EXTRA.TOUCH ③

Impressive size!

It is capable of playing on a big screen, up to 5m (200in)! You can play with characters who are human-sized as you can play it in a virtual reality. By utilizing projector mapping, it is easy to implement a big screen and your extra space will be interactive park immediately!

chara.la ™
